Focus and Scope:

Perspectives in Economics, Accounting, and Resource Leadership (PEARL) Journal is established with the primary objective of providing a platform for the dissemination of scholarly work from both lecturers and students. This includes a wide range of academic contributions such as research papers, studies, and library-based investigations. The journal aims to foster a vibrant academic community by facilitating the exchange of knowledge and scientific insights. In doing so, it seeks to contribute significantly to the intellectual advancement of the nation. By publishing high-quality research and academic discourse, the **PEARL** Journal strives to become a valuable reference point that supports collective progress in the fields of economics, accounting, and resource leadership, ultimately promoting broader development within the academic and professional communities.
