Focus and Scope:

The TECH-E journal was developed with the aim of accommodating the scientific work of Lecturers and Students, both the results of scientific papers and research in the form of literature study results.

It is hoped that this journal will increase the knowledge and exchange of scientific information, especially scientific papers and research that will be useful as a reference for the progress of the State together.

The Tech-E Journal publishes research papers in such informatics:

Web Technology (Mobile),

eBussiness,

Datamining,

Cloud Computing, and

Decision Support System (Bussiness Intelligent).
